

Marilyn Kirkpatrick is working to keep homeowners in their homes.

When they lose their homes, we all lose.

We are in this together.

When homeowners lose their homes to foreclosure, they lose their investment and often a lifetime of savings.

Neighborhoods lose too. It's one more empty home, lower values for our homes, and the look of decline.

And our community takes a hit. Businesses are affected, government services are cut back, and people move away.

Marilyn Kirkpatrick is fighting for us.

Marilyn voted for tough laws to punish those disreputable lenders who got some people into trouble in the first place.

Marilyn voted for other laws to help homeowners make mortgage adjustments and renegotiate loans they can afford.

Marilyn is also working to bring more good paying jobs to Southern Nevada to help our economy start moving in the right direction.

And Marilyn is working on more new ways to keep homeowners in their homes. There won't be any bank bailouts, and not everyone can be helped, *but Marilyn Kirkpatrick is fighting for us... and for our neighborhoods.*

**Marilyn Kirkpatrick is one of us...
and she stand up for us.**

Paid for by the Committee to Re-elect Marilyn Kirkpatrick to the Nevada State Assembly, District 1.
