November 1, 2009

Dear Assemblywoman Kilpatrick,

On behalf of the Nevada Faculty Alliance Political Action Committee, I'm writing to inform you that NFA PAC has extended its continuing endorsement to your campaign for re-election to the state assembly in 2010.

Your record of leadership on issues facing higher education faculty and students make you someone that we believe will continue to serve Nevada well in Carson City. We appreciate your stated desire to improve the quality of education and research in Nevada and your demonstrated willingness to work with us on behalf of issues of importance to Nevada higher education faculty.

We encourage you to list our endorsement on your campaign materials, and we will include your campaign in our upcoming announcement of our endorsements to the news media. We have also sent under separate cover a contribution to your campaign. If there is any way in which we could further support your campaign, or support your efforts in the legislature, please feel free to contact any of our state board members (listed above), or myself, or our state lobbyist Jim Richardson (UNR).

The NFA is the only faculty organization in Nevada that represents the interests of the faculty in the Nevada System of Higher Education (NSHE). The Nevada Faculty Alliance is the Nevada state affiliate of the American Association of University Professors and advocates for faculty at all eight institutions of the Nevada System of Higher Education, including four institutions in Southern Nevada. The Nevada Faculty Alliance works with educators at: The College of Southern Nevada, The Desert Research Institute, Nevada State College, and the University of Nevada, Las Vegas. Once again, we are delighted to endorse your campaign for re-election, and we look forward to working with you in the next legislature.

Sincerely,

Gregory Brown

Professor of History, UNLV
Co-Chair, NFA Endorsement Committee
