

# Marilyn Kirkpatrick knows we need to expand our horizons.

She knows to move Nevada forward, we need new clean energy and green industry jobs. And we need an education system strong enough to support them.

## Marilyn Kirkpatrick knows the benefits of clean energy don't stop with the environment.

By modernizing how we produce energy in Nevada, we'll not only ensure a safer future for our children, we'll create stable jobs which will be around for years to come. And with new energy conservation programs, we can start saving money today.

## Marilyn Kirkpatrick has a plan to grow green jobs that will stay in Nevada.

Marilyn knows the importance of creating long-term jobs for the recovery of our economy. That's why she supports the Nevada Jobs First and Nevada Businesses First legislation. She will ensure that as we move into new industries, Nevada businesses and workers will be at the forefront.

## Marilyn Kirkpatrick also knows we need vigorous education reform to be ready for these 21st Century jobs.

Things move faster these days. And we need a school system to match. That's why Marilyn Kirkpatrick is working to streamline district administration by cutting red tape and auditing for waste. Marilyn also knows that we need our community and higher education institutions to develop programs tailored to these emerging fields.
